

**Course Title:** FMST 210: The Family Context of Human Development

**Lecture Times/Location:** **001:** 11:00-12:15 (Tues/Thurs) in IRC, Room 3 (2194 Health Sciences Mall)  
**004:** 12:30-1:45 (Tues/Thurs) in IRC, Room 4 (2194 Health Sciences Mall)

**Instructor Name/Email:** Maria Weatherby [Maria.Weatherby@ubc.ca](mailto:Maria.Weatherby@ubc.ca)

**Office Hours:** Email me to set up a time

**Prerequisites:** None

**Course Description**

This course examines aspects of human development that influence and are influenced by family interactions. We will begin with an overview of research methods and research design strategies intended to minimize threats to validity. Then, we will review and compare theoretical concepts from disciplines such as psychology, genetics, epigenetics, neurology and evolutionary theories. Finally, we will review, evaluate, and synthesize theories and research related to the following four topics (i) **attachment** (i.e., what promotes the development of secure infant attachments to caregivers), (ii) **gender development** (i.e., general patterns and individual differences in sex-typed behavior and gender identity in childhood and adolescence), (iii) **discipline methods**, and (iv) patterns and sources of **aggression and bullying** in childhood and adolescence.

**Course Evaluation**

Date	Exam/Assignment Type	Targeted Material	Weight
1) <i>September 29</i>	Exam #1 (60 minutes)	<b>Lecture Templates:</b> Chapter 1	10%
2) <i>October 11</i>	Exam #2 (60 minutes)	<b>Lecture Templates:</b> Chapter 2 Chapter 3/4 <b>Readings:</b> Research Studies 1 & 2 (Epigenetics) <b>IQs:</b> Ch. 1, 2, 3, & 4	35%
3) <i>November 15</i>	Exam #3 50 minutes (closed book)  25 minutes (open book)	<b>Lecture Templates:</b> Chapter 5 Chapter 6 (1 of 2) <b>Readings:</b> Research Studies 4 & 5  Research Study #3 and Ch. 5 lecture templates	20%
4) <i>To Be Announced</i> (December 6-21)	Final Exam (90 minutes)	<b>Lecture Templates:</b> Chapter 6 (2 of 2) Chapter 7 (1 of 1) Chapter 8 (1 of 1) <b>Readings:</b> Research Studies 6 & 7 <b>IQs:</b> Ch. 5, 6, 7, & 8	35%

**Required Text:** *Boyd, Lifespan Development, Custom Edition for UBC.*

- I require that you purchase a copy of the custom textbook I have created (\$59.95 at the UBC bookstore).
- The custom textbook is available for purchase at the UBC Bookstore and the Discount Bookstore on campus.
- This custom textbook will be used next year so buy-back options should be available.
- The custom textbook consists of 8 chapters from the textbook entitled *Lifespan Development (5<sup>th</sup> Canadian Edition)* by Boyd, Johnson and Bee (2015).

**Lecture Format:**

Using the faculty group email system, I will email everyone a **lecture template** before the lecture (6pm the night before, at the latest). Please ensure that your email address on the SSC is correct. To prepare for each lecture, it is your responsibility to do the following two things:

1. Read the lecture template before the lecture. This should take approximately 5-10 minutes.
2. Bring the lecture template to class so that you can fill in the gaps in an organized way. For example, in the lectures, I will provide additional notes, elaborations, examples/applications, and answers to questions. None of this is provided in the textbook. I would recommend that you print the lecture templates and fill them in by hand.

**Note:** It is your responsibility to attend all lectures. It is not acceptable to contact me to obtain missed lecture notes.

**Independent Questions:**

To help you prepare for the second exam and the final exam, I have created **Independent Questions (IQs)** for each chapter of the textbook. You will receive the IQs via the faculty group email system. Rather than reading the entire chapter and preparing your own notes, you should prepare answers to the IQs and then study your answers. Textbook material that is unrelated to the IQs will NOT appear on any of the exams. Consequently, the IQs help you to identify what to study. You are not expected to hand-in your answers to the IQs.

<b>Date(s):</b>	<b>Lecture Topics:</b>	<b>Reminders:</b>
September 6	No Class (Imagine Day)	
September 8, 13, 15, & 20	Research Methods Internal and External Validity	<b>Note:</b> Sept 20 is the last day to withdraw from the course without receiving a “W” on your transcript.
September 22 & 27	Learning Theories Cognitive Theories	
September 29	Exam #1 (10%)	No lecture after Exam #1.
October 4	Research Studies 1 & 2 Adaptive Reflexes Neurology	
October 6	Review: Independent Questions	Bring Ch. 1-4 IQs to class.
October 11	Exam #2 (35%)	No lecture after Exam #2.
October 13, 18, & 20	Attachment Email Research Study 3	
October 25, Nov. 1 & 3	Gender Development	
October 27	Research Study 4	Bring answers to class.
November 8	Research Study 5	Bring answers to class.
November 10	Discipline	
November 15	Exam #3 (20%)	No lecture after Exam #3.
November 17	Research Study 6	Bring answers to class.
November 22	Aggression and Bullying	
November 24	Research Study 7	Bring answers to class.
November 29	Moral Development	
December 1	Review: Independent Questions	Bring Ch. 5-8 IQs to class.

## UBC Course Policies

### Attendance

The calendar states: “Regular attendance is expected of students in all their classes. Students who neglect their academic work and assignments may be excluded from the final examinations. Regardless of the reason for your absence (including late registration), you are responsible for obtaining missed lecture notes.

### Accommodations

The University accommodates students with disabilities. The University also accommodates students whose religious obligations conflict with attendance or scheduled exams. Please let me know in the first week of class, if you will require an accommodation on either of these grounds. Students who plan to be absent for varsity athletics, family obligations, or other commitments, cannot assume they will be accommodated. Please discuss your commitments with me in the first week of class so that you will know whether an accommodation will be awarded.

### Academic Dishonesty

If you are caught cheating on an exam, you will receive zero on the exam. It is your responsibility to be knowledgeable of UBC’s definition of cheating. Please review the following website <http://www.calendar.ubc.ca/vancouver/index.cfm?tree=3,54,111,959>

### Missed Exams

Make-up exams are a privilege and will be given to students with a bona fide medical note. Because of concerns about fairness, it is not possible for a makeup exam to increase your overall course percent. For example, if you earn 80% on the makeup exam but your average mark on the remaining exams is 70%, then I will change your makeup exam mark to 70%, as “it is not possible for a makeup exam to increase your overall course percent”. Finally, it is not possible to makeup more than one exam in this course.

If you miss an exam, you must:

- (1) Email me no later than **1 day AFTER** the missed exam (ideally before or on the day of the missed exam)
- (2) Be able to attend the makeup exam
- (3) Bring your medical note to the make-up exam.

If you miss the final exam, you will need to write a make-up exam during the scheduled period for all standing deferred (SD) exams, which is typically late July to early August. Make an appointment with an academic advisor in your department to apply for a SD, if you miss the final exam and be prepared to write it sometime during early July to late August (2017).

### Grading Guidelines

<i>Letter Grade</i>	<i>Percent</i>	<i>Letter Grade</i>	<i>Percent</i>	<i>Letter Grade</i>	<i>Percent</i>
A+	90-100%	B	72-75%	C-	55-59%
A	85-89%	B-	68-71%	D	50-54%
A	80-84%	C+	64-67%	F	0-49%
B+	76-79%	C	60-63%		

### Early Alert

During the term, I will do my best to reach out and offer support if I am concerned about your academic performance or wellbeing. I also encourage you to come and speak with me if you need assistance. In addition, I may identify my concerns using Early Alert. This program allows academic, financial, or mental health concerns to be identified as soon as possible and to be responded to in a more coordinated way. This provides you with the earliest possible connection to resources like academic advising, financial advising, counseling, or other resources and support to help you get back on track.

The information is treated confidentially and it is sent because I care about your academic success and well-being. For more information, please visit <http://blog.students.ubc.ca/earlyalert/>
